HAND GRINDER

Easy to use

Thanks to the **burrs adjustment system (stepped) from above**, Baby allows you to **grind quickly and easily**, whatever type of extraction you want to obtain.

Maximum comfort for your routine

Thanks to its **slim body** combined to the **unique flared shape** of the jar, Baby **fits perfectly every type of hand**. The length and shape of the crank are designed to **minimize the grind effort**.

Smart & Fast

Few simple steps to transfer the coffee from the **jar** inside the **grinding** chamber.

Espresso-Tip: thanks to the perfect compatibility with our Dosing Cup, the Baby Grinder is filter holder-proof: just a few quick and easy steps to avoid wasting coffee.

Enjoy the pure taste of your coffees, always

Feel free to taste all your favorite coffees, without coffee contamination and waste, thanks to a grind retention near to ZERO

Excellent grind consistency for any kind of coffee extraction

48 conical burrs, with a **specific Espresso & Brew design** to offer excellent and uniform results in any type of extraction methods. Special **“Gold Energy”** treatment developed by Eureka and ITALMILL GRINDING TECHNOLOGY to increase:

- Burrs lifetime (appr. 50% more compared to steel)
- Grind consistency over time”

Bring Eureka with you, **wherever** and **whenever you want**. **Solid** and **silm**, easy to disassemble and carry.

Materials and finishes

Refined and elegant materials that guarantee solidity and value.
